#### **OFFICE CANCELLATION POLICY:**

We recognize that there are sometimes valid reasons for late cancellations/no shows, and we strive to provide an understanding for specific situations. However, they do place a scheduling, staffing and financial burden on the office and restrict other patients from obtaining timely appointments. Our office has an automated reminder system in place which provides an opportunity to cancel or reschedule two business days prior to your appointment. We also ask that you inform us of any change to your appointment as soon as you are aware, preferably within 24 hours or as early in the day as possible to allow other patients the opportunity for an appointment with us. Our office reserves the right to charge a \$75.00 cancellation fee to your account for non-compliance of our policy. Excessive abuse can, but rarely, may result in dismissal from the practice.

**I understand** that I am expected to pay for all applicable services (non-billable services/Cosmetic procedures/no health insurance) at the time services are rendered in full. If care is provided under health insurance, the SPECIALIST copayment is due at the time of service. All billable insurance balances will be sent to the address on file for my account and are expected by the statement due date unless other arrangements have been set up with our billing staff. It is my responsibility to inform the office of any changes in health insurance, billing address or personal phone numbers when they occur or at the time of check-in. If my insurance requires a referral I also understand that it must be provided at time of appointment to avoid being responsible for the fee's incurred. If at any time the billable balance of my account should become uncollectible, I am responsible for any fees incurred in the collection process.
